

FORTIS CAREGIVER INITIATIVE

CARING FOR THOSE WHO CARE FOR THEIR LOVED ONES.

Families have always been, and continue to be, the primary source of help to those with long-term care needs. We are the ones they first reach out to in need of help especially when it comes to any health related support. The continuous assistance to the hospital, care and supervision at home can become emotionally very overwhelming. Trying to balance your life and the care for your loved one can naturally cause stress, frustration, exhaustion or some time even anger. A journey with an ailing loved one can become easier if the caregivers don't let their own lives pass them by.
